

HOT BATH

I guess the heart is a hole? My heart as it flinks. My heart as it flinks, and I think ooo, my cheeks start to flicker

I think oooo My cheeks start to fling the same way

I think oooo My hearts start to fling the same way

I feel oooo My lips start to melt like a hot bath

I see how the sky is hovering idently

And the sky starts sizzlehatching
Nownmma retched like a gremlins

What to do...?

The table starts as I sit in my bedroom

I just cannot be put down, the bed starts sizzlehatching ooooo

JOINT PAIN

I'm sorry, I'm sorry

Bruises, my knee hurts

I'm sorry

Walking in my little car

Guns don't belong in trees

I'm sorry, I'm sorry

Walking in my little car

Guns don't belong in trees

Cursing, I can't remember from memory

I'm able to see stars I didn't see

I'm able to hear the sound from a little room

It's like I'm in a restaurant with no access to the table

SNOW SOUNDS

You find it easy, but you can make it worse
As you watch your eyes, the wind rakes a little slower
It is raining a little faster than usual.
You know it's raining an ice pack.
I'll just catch this one.
While I was walking my legs, I was on the street.
My feet took a step and as I ran,
I could feel myself stretch.
I could feel my legs.
When we were on the tarmac together, I was in its position.
With this hand, I was in its position.
I would push it towards its owner and take his hand . I could feel it as I pushed.
But it could not.
It could not know that he had no right to the arm to push it towards him.
It could not see the hand I had in my arms.
What if I had no right to the arm to push.

In this moment, I could hear my arms drop like an iron rod in the snow.
I could hear the snow start to fall and I could feel the cold coming upon my body.
While this hand could not see the hand I had in my arms.
I could not control it. What if I had no right to the arm?

They were still talking,
Like words I had heard,
They were talking,
So I had no answer yet.

I explained everything.
I asked if I could do anything for them. They said yes, but I can't do it.

I asked if I could call them once a day.

I asked if I could get them to take me to the hospital.
